Giant Map of the United States in Mississippi!

Bring the Giant Map of the United States to your school or district! The floor map includes cut-outs of all 50 states and fun, hands-on activities for grades K-8 that will enrich geography, science, and social studies learning in your school. An MGA Teacher Consultant will be available to lead activities according to your school’s needs. All materials needed for map activities will be provided by MGA.

Cost
The map is available for $150 for a full day and there is a one-day minimum. Full and partial scholarships are available.

How to get a map
Go to http://mga.olemiss.edu/services/ for more information about MGA and the Giant Map of the United States program, including a request form. You can also go directly to the map request form here: http://tinyurl.com/mgaUSmap.
